

YOUTH FORUM

AT SHEFFIELD CHILDREN'S

Helping to shape health services for children and young people in Sheffield and beyond

Are you aged 12-19? You could help improve services at Sheffield Children's for patients in the hospital, in the community and at home.

Are you a patient at Sheffield Children's? Or has your brother or sister received care? We want to hear from you!

We want to hear what we can do to give the best possible care experience to our patients and their families.

Our Youth Forum meets every month to talk about the issues that matter most to them. Our members have helped to decide on the design of new hospital wards, chosen new entertainment for long stay patients, created new support resources for siblings and even sit on interview panels for key trust roles.

While helping make a difference, members also get to learn new skills, build their confidence, make new friends.

You also get exclusive opportunities to see behind the scenes at this specialist children's hospital and support to meet your own career aspirations, through the 350 different careers offered through the NHS.

To find out more about the Youth Forum, simply email scn-tr.transitionteam@nhs.net or call 0114 3053768.
