

Going back to school

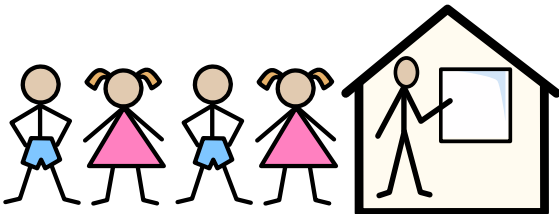

Schools have been different because of Coronavirus.

Lots of children have been staying at home.

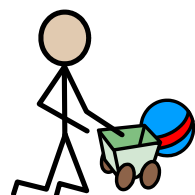

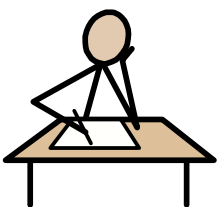

Some children have been going to school.

More children are going back to school now.

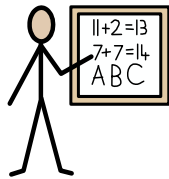

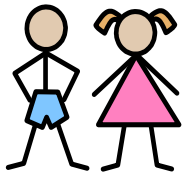

Some things in school will be different. This is to keep me safe.

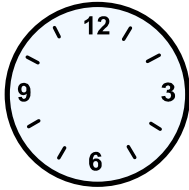

We will have fun playing and learning.

Who will I see?

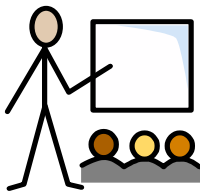

I will see some of my friends and teachers.

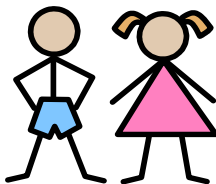

We might start school at different times.

My grown up will say goodbye at the school gate.

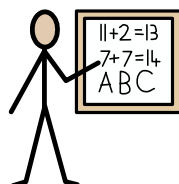

My class will be smaller.

I might see different children.

I will stay with the same children all day.

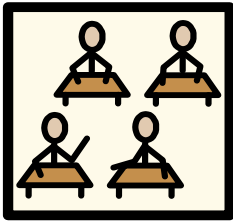

I might have a different teacher.

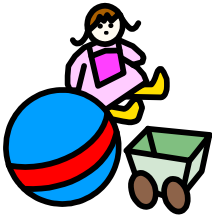

My teacher might wear a mask.

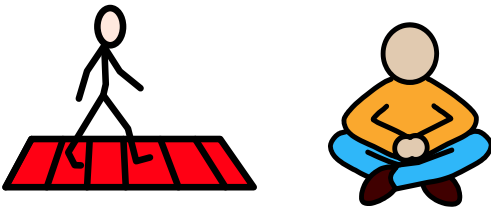

What will school be like?

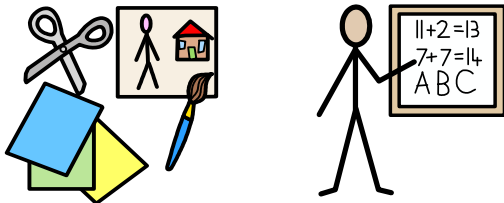

My classroom might look different.

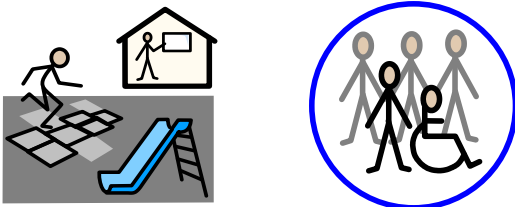

There might be different toys.

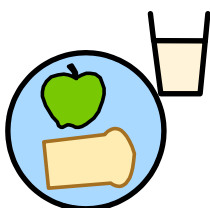

There might be lines around school to show me where to sit, stand and walk.

We might do different things.
My teacher will tell me what we are doing.

Break time might be different.
I will play outside in a small group.

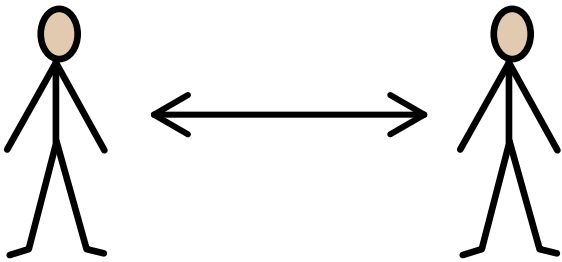

Lunchtime might be different.
We might eat lunch in our classroom.

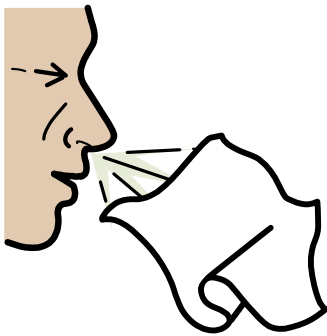

Staying safe

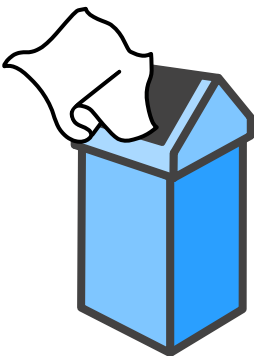

I will wash my hands lots.

We might need to stay 2 metres apart.

I will cough and sneeze into a tissue.

I will put the tissue in the bin.

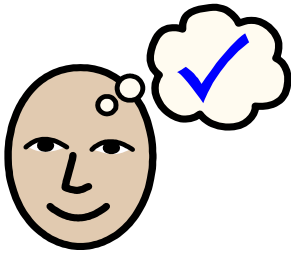

I will wash my hands.

School will be OK

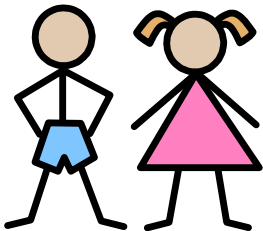

Some of these changes might feel difficult at first. The changes are to keep us safe.

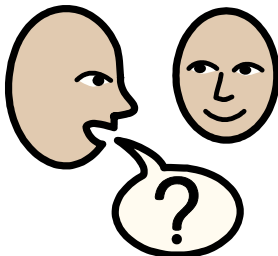

Lots of things will be the same.

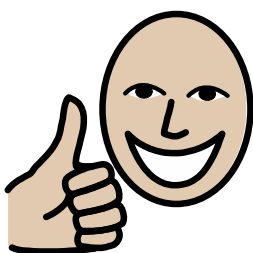

My teachers will look after me.

I will see my friends.

I can ask my teacher if I don't know what to do.

School will be fun!
