Why are people wearing special clothes at my appointment?
COVID-19 is a new virus that makes people unwell. COVID-19 is sometimes called coronavirus. Because the coronavirus is new, it has made lots of people unwell.
When I go to my appointment, people will be wearing masks. Masks are sometimes called face coverings. My parent or carer might be wearing a mask for the appointment. I will try to wear a mask as well, if this is ok for me. This is to help stop the coronavirus from spreading and keep people healthy.
The people I see at my appointment might be wearing special clothes on top of their usual clothes. This is to help stop the coronavirus from spreading and keep people healthy. It does not mean the person wearing the special clothes has the coronavirus.
The special clothes might look like this:

Or this:
The special clothes help to keep everyone safe. Some children might feel scared by the special clothes. This is ok.

I will try to remember that the special clothes are there to protect everyone from getting ill with coronavirus.
Although the person might look different in the special clothes, they still look normal underneath! Just like this:
When I go to my appointment, most people will be wearing masks. Some people might be wearing special clothes too. This is to help stop the coronavirus from spreading and keep people healthy.
